

A GLOBAL LEARNING EXPEDITION

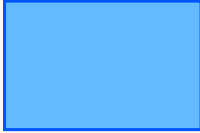

TOUR AROUND THE WORLD

From Lagos classrooms to global universities — 12 curriculum-aligned activity pages.

ISSUE 01 · 2025/26

12 PAGES

CONTENTS

03 MATHEMATICS

Algebra · Geometry · Number Theory

05 ENGLISH & WRITING

Comprehension · Composition · Grammar

07 SCIENCE

Biology · Chemistry · Physics

09 CRITICAL THINKING

Logic · Puzzles · Problem Solving

10 ARTS & CREATIVITY

Visual Arts · Drama · Creative Writing

11 STUDENT SPOTLIGHT

Success Stories & Achievements

MATHS MASTER

Students exploring algebraic structures and geometric proofs

"Mathematics is not about numbers — it's about patterns."

— DR. CHIDI OKAFOR, HEAD OF MATHEMATICS

Why Maths Mastery Matters

Our structured programme builds from core number sense through algebra to calculus. Every activity maps to WAEC, JAMB and Cambridge mark schemes.

TOPICS COVERED

- Algebra & Equations
- Geometry & Trig
- Statistics
- Calculus Preview

Practice Makes Perfect

SS1–SS3

Algebra Challenge

15 progressive algebraic equations including word problems in WAEC format.

SS1–SS2

Geometry Explorer

Areas, volumes and angles across 12 varied shape-based exam problems.

JS3–SS1

Number Theory Blitz

LCM, HCF, prime factorisation and indices — all exam-style questions.

SS2–SS3

Statistics Sprint

Mean, median, standard deviation and data interpretation exercises.

ENGLISH & WRITING

The Power of Clear Expression

From WAEC English Language to Cambridge First Language, strong writing and comprehension underpin success across every subject.

ESSAY
WRITING

COMPRE-
HENSION

GRAMMAR
& USAGE

"Writing fluency is the silent multiplier of every exam score."

— MR. EMEKA NWOSU, ENGLISH & LITERATURE TUTOR

Find Your Voice

Reading and writing workshop in progress

Essay Masterclass

SS1–SS3

Formal, informal, narrative and descriptive essays with 8 guided prompts and model answers.

Comprehension Clinic

JS3–SS2

Five unseen passages with vocabulary, inference and summary questions.

Grammar Blitz

All Levels

Tenses, punctuation, figures of speech and sentence transformation drills.

VOCABULARY BUILDER — Word of the Week:

PERSPICACIOUS

adj. Having a ready insight; shrewd.

SCIENCE LABS

BIOLOGY · CHEMISTRY · PHYSICS

Hands-on activities, lab simulations and exam-style practicals mapped to the full WAEC and IGCSE science syllabi.

3

SCIENCES

ACTIVITIES

100%

SYLLABUS

BIOLOGY

CHEMISTRY

Explore & Discover

BIOLOGY

CHEMISTRY

PHYSICS

Cell Biology Lab

Biology · JS3-SS2

Microscopy observations, organelle functions and 10 exam-style questions on cell structure.

Chemical Reactions

Chemistry · SS1-SS3

Balancing equations, reaction types and molar mass calculations across 12 practicals.

Forces & Motion

Physics · SS1-SS3

Newton's laws, velocity-time graphs and energy calculations — WAEC and JAMB style.

THINK DEEPER, SCORE HIGHER

Logic and lateral thinking are tested increasingly across WAEC, JAMB and Cambridge exams. These activities sharpen your analytical edge.

Logic Puzzles

10 deductive reasoning challenges

Pattern Recognition

Number and shape sequence mastery

Word Problems

Multi-step application questions

Mind Mapping

Concept mapping and synthesis

ARTS & CREATIVITY

CREATIVE CURRICULUM

Creative expression builds confidence, communication and critical analysis — skills that transfer directly to exam performance.

VISUAL ARTS

MUSIC & DRAMA

CREATIVE WRITING

Activities Include:

- Observational drawing & colour theory
- Oral performance and script writing
- Photography composition basics
- Craft, collage and mixed media

RISING STARS

AMINA YUSUF

A1 — WAEC Mathematics

"The structured practice made all the difference."

& & & & &

CHUKA OKONKWO

340 — JAMB UTME Score

"My tutor believed in me before I believed in myself."

& & & & &

TAYO ADEKUNLE

5 A* — Cambridge IGCSE

"Prep Portal gave me the tools to succeed globally."

& & & & &
